

SPS 80-6 Portable Power Source (Slave)

**Survival
POWER
Systems**

Manufactured in the USA!

FEATURES

- LifePo4 Battery Technology
- Durability Greater than 2000 Cycles
- Non-Toxic, Environmentally Safe
- Safe Thermal and Chemical Stability
- Battery Low and high temperature Performance
- Compact Durable, Weather Resistant Case
- Advanced Battery Protection (Over/Under Charge, Over Current)
- Coulomb Digital Battery Gauge (with Audio Alarm)
- 2 SB 50 Power Plug for Charge and Slave Daisy Chain (Red)

BENEFITS

- 20.4Volts DC @65Amps Max Output
- Over 66% Lighter then Lead Acid
- External 20Amp Charger Included
- Accurate Charge Condition Using a Coulomb Counting Battery Monitoring
- Battery Will Balance It's Cells, Protect Against Shorts, Over Discharge, and Over Charge Conditions
- 2 Charge/Output Ports

SPS 80-6 Portable Power Source (Slave)

**Survival
POWER
Systems**
Manufactured in the USA!

SPECIFICATIONS

ELECTRICAL

Battery Chemistry: LiFePo4

80Amp/Hour Power Source (20.4Volts DC)

Unregulated Output 20.4Volts DC

Max Discharge Rate 69Amps at 20.4Volts

Cell Protection Built-in

Max Charge Rate 50Amps (20Amp Charger Included)

PHYSICAL

Dimensions: 16.93" X 9.61" X 13.42"

Weight: 42 lbs Six Cell

Integrated Strap Mounts

Specifications May Change Without Notice

INDICATOR/READOUTS

- Digital Battery Status Display
 - Displays: Voltage, Current draw, Charge/ Discharge Status
 - Audio Indicator when Battery has 10% Capacity Remaining (Adjustable)
